Please note:

There are many existing campsites in the wilderness area which are traditionally used by wilderness travelers. In keeping with the Tobeatic's wilderness tradition, these sites are not marked on this map or on the land. Please use established sites where they exist, choose your wilderness camping site carefully, and practice no trace camping at all times.

This map is a geographic representation only and should not be used for legal purposes or navigation. Though effort has been made to ensure this map is free from error please note that the information shown may not be the most current available.
