Petroleum Storage Tank (PST) Installer Certification Application

Environment and Climate Change

I understand that Nova Scotia Environment and Climate Change can revoke or suspend my Installer's Certificate where, in the opinion of the Department, the work done is substandard or negligent; that all work is to be undertaken in compliance with the National Fire Code of Canada, latest edition; that I must be present on site during which time all work is being undertaken; that the Departmental inspector has the right to stop work on any site where work or equipment not in conformance with the standard is found, or where contamination is found, until the system owner agrees to proceed to the satisfaction of the department.
