

# Nova Scotia Wind Supply Chain Directory

## Introduction

The Nova Scotia Department of Energy has assembled a list from public websites of companies and associations located in the province working within the Offshore Wind and Hydrogen sector. The following list is a work in progress. If you would like to be added to the list, please send your company information to Kory Harrington at the following email address. [Kory.harrington@novascotia.ca](mailto:Kory.harrington@novascotia.ca)

A full list of companies is included in Appendix A – Index of Companies

## Construction Support Services

### **Amrize (Previously known as Lafarge)**

We're making buildings sustainable from foundation to rooftop. Our sustainable building products, from Portland cement to low-carbon concrete, are helping build greener cities one project at a time.

<https://www.lafarge.ca/en>

87 Cement Plant Rd., Brookfield,  
NS, B0N 1C0

### **Atlantic Hard Chrome Ltd**

Atlantic Hardchrome services include hard chrome plating, CNC machining & manufacturing, conventional machining & grinding, equipment servicing, assembling, and testing, along with various plating options.

<https://atlantichardchrome.com/>

[sales@atlantichardchrome.com](mailto:sales@atlantichardchrome.com)

5 Notting Ct., Dartmouth, NS, B3B 1N2

### **AW Leil Cranes & Equipment**

A.W. Leil Cranes and Equipment is one of the largest and most diverse rental fleets of hydraulic cranes in Atlantic Canada and offers a wide selection of boom trucks, carry decks, all-terrain, crawler, truck, and rough terrain cranes. We have optimized our fleet to service all types of industries from commercial and industrial construction to infrastructure and wind turbine erection and maintenance.

<https://www.awleil.com/>

137 Joseph Zatzman Dr., Dartmouth,  
NS, B3B 1W1

### **Balodis Inc**

Balodis Incorporated started with one truck and one bulldozer has now become a multi-discipline organization with specialized equipment to service the Marine, Civil, Renewables, Concrete Infrastructure, Transportation and Crane sectors. Still family owned and operated, our team at Balodis Inc. continues to adapt and take on new challenges and projects.

<https://www.balodisinc.com/>

[info@balodisinc.com](mailto:info@balodisinc.com)

113 Balodis Dr., Westville, NS, B0K 2A0

### **East Coast Hydraulics**

The company of 20 plus employees is ready to help out in any capacity that it can as we are working in almost every business sector imaginable. We offer a high level of quality products and service and we are dedicated to being ready to help our customers that are both planning future work and those that need immediate attention. We offer hydraulic design, fabrication, trouble shooting, service, and sales.

[info@eastcoasthydraulics.ca](mailto:info@eastcoasthydraulics.ca)

422 Main St., Mulgrave, NS, B0E 2G0

### **Fagioli Canada Ltd**

Fagioli with its technological know-how, experience and state-of-the-art equipment, is a reliable partner for the engineering, heavy transport and lifting activity for the Renewable sector, with a peculiar specialization in Offshore Wind Energy extra-heavy items handling operations including Jackets, Monopiles and Marshalling activity as well as installation of Heavy items such as MSR, for Solar plants. Fagioli also operates for the installation of wind turbines.

<https://www.fagioli.com/en/>

[info@Fagioli.com](mailto:info@Fagioli.com)

1959 Upper Water St., Halifax,  
NS, B3J 3N2

### **Hercules SLR**

At Hercules SLR, our focus is to deliver top-tier securing, lifting, and rigging solutions that empower our customers to complete their tasks safely and efficiently. Leveraging the strength of our local, national, and global reach, paired with our vast inventory, we are equipped to meet any specialized requirements you may have. Our distribution centers and warehouses, thoughtfully positioned across Canada, ensure swift resource deployment. In fact, we are prepared to ship our high-quality products and solutions anywhere you need them!

**HERCULES**  
CRANE & LIFTING SUPPLIES

[www.herculeslr.com](http://www.herculeslr.com)

520 Windmill Rd., Dartmouth, NS, B3B  
1B3

### **Irving Equipment Ltd.**

Irving Equipment's extensive crane fleet gives customers increased flexibility when it comes to finding the most effective solution for the job. But what happens when a crane just isn't enough? Innovative solutions, our team of expertise can offer a more efficient, versatile, and cost-effective solution to any problem. This may include specialty rigging such as our cantilevered lifting beam, hydraulic skidding services, or specialized transport with our self-propelled modular transporters. Or maybe even something completely new! Either way, we will not let equipment limit what we can do for our customers.

<https://www.irvingequipment.com/en/>

43 Atlantic St., Dartmouth, NS, B2Y 4P4

### **Quality Blasting and Coatings Ltd**

At QBC we can process all varieties of job sizes, using the Automated Blast Line for smaller pieces and for larger bridge girders, beams, ext. we would blast by hand providing us with the ability to use a large number of blast media such as sand, shot, ext. in order to create the required profile. Once the steel has been checked for the correct surface preparation our knowledgeable painters will apply the desired paint system.

<https://www.qualitycoating.ca/>

21 Orion Ct., Dartmouth, NS, B2Y 4S9

### **Resolve Composites**

Resolve Composites is an innovative clean technology startup dedicated to advancing recycling solutions for the composite industry. Through our novel technology, expertise, and creative approach to recycling composites, we provide composite manufacturers with custom and sustainable resource management and waste solutions. Our approach creates new markets and generates downstream revenues from recovered materials that are repurposed for various applications. We support companies implementing sustainable practices for composite recycling, empowering them to achieve legislative goals while driving significant economic and environmental benefits for all sectors of the composite industry.

<https://www.resolvecomposites.com/>

2589 NS Hwy. 331, Pleasantville, NS, B0R  
1G0

### **Rotor Mechanical Services**

RMS Wind oversees several different aspects of wind energy: development; construction; management; and operations including maintenance of large scale and community-based projects. These activities are represented by Rotor Mechanical Services, which built and now maintains the Dalhousie Mountain Wind Farm, new project Clydesdale Ridge and the community-based Affinity Renewables.

<https://rmsenergy.ca/>

[info@rmsenergy.ca](mailto:info@rmsenergy.ca)

1383 Mt Thom Rd., Salt Springs, NS, B0K  
1P0

### **Sancton Group**

Sancton is the parent company of Sancton Access, providing a full range of scaffolding and access systems; and Sancton Equipment, providing a full range of aggregate processing and commercial paving systems.

# **SANCTON**

<https://sancton.com/>

[access@sancton.com](mailto:access@sancton.com)

220 Cutler Ave., Dartmouth, NS, B3B 0J5

### **Sarens Cranes Canada**

Sarens is a global leader in crane rental, heavy lifting, and engineered transport, delivering innovative and safe solutions for projects ranging from small-scale to megascale developments. With more than 100 entities worldwide and nearly 75 years of experience, Sarens supports complex offshore wind and energy projects with state-of-the-art equipment, value engineering, and highly skilled international teams.

The company is family-owned across four generations and operates with a strong focus on safety, operational excellence, and reliability. Sarens is also committed to sustainability, with EcoVadis-rated ESG performance and ongoing investments in electric cranes, renewable energy solutions, and low-carbon technologies. As a trusted global partner, Sarens enables offshore wind projects to be delivered safely, efficiently, and intelligently.

The logo for Sarens features a stylized blue 'S' icon on the left, followed by a vertical bar and the word 'sarens' in a bold, lowercase, blue sans-serif font.

<https://www.sarens.com/>

[info.canada@sarens.com](mailto:info.canada@sarens.com)

45 Wabana Ct Suite 103A, Sydney, NS,  
B1P 0B9

### **Spar Marine Ltd**

We design and build custom switchboards and control panels for the marine and energy sectors. SPAR Marine will deliver fair value by understanding the needs of all interested parties. SPAR strives to provide top tier service through responsiveness, communication and a 'can do' attitude, while ensuring that all contractual, statutory and regulatory requirements are met.

**SPAR MARINE LTD.**  
MARINE ELECTRICAL SPECIALISTS

<https://sparmarine.ca/>

48 Fielding Ave., Dartmouth, NS B3B 1E4

### **Strictly Hydraulics & Industrial Supply**

Well-trained service technicians and a fleet of vans are available 24/7 to supply parts and do repair and installations in the field. The company also stocks the largest selection of hoses and fittings in Atlantic Canada.

<https://strictlyhydraulics.com/>

167 Trider Cres., Dartmouth, NS, B3B 1V6

## Construction and Fabrication

### **ABCO Industries**

ABCO's operations are housed in a 42,000 sq ft facility with leading design and fabrication equipment on a 7-acre site. We continue to invest in our facility by expanding and improving our manufacturing process, incorporating automated and advanced manufacturing techniques, and supporting our people through training and education.

<https://abco.ca/>

[info@abco.ca](mailto:info@abco.ca)

81 Tannery Rd., Lunenburg, NS, B0J 2C0

### **AF Theriault & Sons**

A.F. Theriault & Son Ltd. is a Canadian shipyard based in Nova Scotia. Since 1938, we have built over 1000 vessels of up to 150 feet (45 meters) for various uses and clients. These include fishing boats, passenger vessels, commercial workboats, fire/patrol/pilot boats, and luxury pleasure yachts. One of the largest private shipyards in Atlantic Canada, our modern and well-equipped facility can produce monohull or catamaran vessels in fibreglass, steel, aluminum or advanced composites. We are fully qualified and equipped on-site to build or repair vessels of all types, and our employees are experienced and highly professional.

<https://www.aftheriaultboatyard.com/>

1 D'Entremont Rd., Meteghan River, NS,  
B0W 2L0

### **BrandSafway**

A leading provider of specialized services to the global industrial, commercial and infrastructure markets, BrandSafway delivers access and scaffolding systems, forming and shoring, industrial services and related solutions to more than 29,000 customers worldwide. BrandSafway was formed when Brand Energy & Infrastructure Services and Safway Group combined in 2017.

<https://brandsafway.com/>

40 Simmonds Dr., Dartmouth, NS, B3B  
1R3

### **Canadian Maritime Engineering**

Canadian Maritime Engineering Ltd. (CME) have been operating for more than 30+ years and is a multi-faceted organization that services all marine and industrial companies including machining, mechanical, welding, fabrication and specialty coatings. CME's strength lies in our workforce of highly trained, experienced and knowledgeable employees who can provide custom mechanical engineering and advanced industrial solutions to meet your specific needs.

<https://cmelimited.com/>

[office@cmelimited.com](mailto:office@cmelimited.com)

11 Acadia St., Dartmouth, NS, B2Y 2N1

### **Cherubini Brides & Structures**

Cherubini is a leading Atlantic Canadian steel fabricator, designing, producing, and delivering bridges and complex structures around the world. We have built more than 150 bridges across the globe, creating infrastructures for towns and cities, have fabricated and erected many buildings, creating opportunities for economic development and prosperity, and have developed innovative structures for green and marine technology, creating opportunities for renewable energy.

570 Wilkinson Avenue

Dartmouth, NS, B3B 0J4

<https://cherubinigroup.com/>

### **CFM Services**

CFM provides Manufacturing, Repair, NDT testing, Laser alignment & Overhaul and Technical Services that are fully integrated to support your project delivery needs throughout Eastern Canada and around the globe. You'll benefit from our broad range of expertise and in-depth experience serving the Pulp and Paper, Sawmill, Onshore and Offshore Oil and Gas, Utilities, Food, Forestry, Mining, Shipbuilding, Government and Construction industries.

<https://www.cfm-service.ca/>

14 Akerley Blvd #400, Dartmouth,

NS, B3B 1J3

### **Dexter Construction Ltd**

Dexter Construction specializes in all types of heavy civil construction: roadbuilding, excavation, asphalt paving, grading, drilling/blasting, pipework, bridge construction, demolition, and more.  
Quarry in Sheet Harbour

<https://www.dexter.ca/en/>

[info@dexter.ca](mailto:info@dexter.ca)

927 Rocky Lake Dr., Bedford, NS, B4A 3Z2

### **Green Infrastructure Partners**

Green Infrastructure Partners (GIP) is one of Canada's largest and most diversified infrastructure companies. We offer vertically integrated infrastructure solutions for public and private projects of every size and scale. Our teams have been designing, delivering, and maintaining infrastructure for Canada's growing cities. From demolition, shoring and foundations, excavation and remediation, structures, paving and the production of materials, we have the unique ability to self perform all project scopes without reliance on sub-contractors. Green is in our name because we believe in the necessity of sustainable solutions. We're leaders in energy efficiency and are at the forefront of incorporating recycled and reused materials.

<https://gipi.com/>

[info@gipi.com](mailto:info@gipi.com)

41 Ilesley Ave., Dartmouth, NS, B3B 1K9

### **Hawboldt Industries**

Hawboldt Industries was founded in 1906 to support the Atlantic fishery with new power equipment during the time when ships were converting from sails to engines. While the company has maintained its roots in the fishing industry, we have developed into a world-renowned designer, manufacturer and exporter of engineered marine equipment including launch & recovery systems for marine exploration, marine cranes, and deck equipment for workboats, patrol boats, ocean science and recreational vessels. Hawboldt collaborates with our customers to design and build advanced marine winches, LARS, and cranes. Our equipment solutions make ship operations faster, safer, and more flexible. Our customers are supported from vessel concept through to vessel end of life.

<https://hawboldt.ca/>

[sales@hawboldt.ca](mailto:sales@hawboldt.ca)

220 Hwy. 14, Chester, NS, B0J 1J0

### **IT International Telecom**

IT International Telecom Inc. is an ISO-certified, independent marine network installer specializing in submarine cable systems. The company provides end-to-end services including desktop studies, marine route surveys, engineering design, installation, and maintenance for projects worldwide.

Founded in 1995, IT has nearly three decades of experience and a strong reputation for delivering high-quality, cost-effective solutions based on proven engineering and installation techniques. Having successfully completed projects in more than 70 countries, IT International Telecom Inc. is a trusted global partner, recognized for technical excellence, reliability, and long-term client relationships.

<https://www.ittelecom.com/en>

[sales@ittelecom.com](mailto:sales@ittelecom.com)

3567 North Marginal Rd., Pier 9A, Halifax,  
NS, B3K 5X8

### **KMS Industries**

KMS Industries operates from the Woodside Industrial Park in Dartmouth, Nova Scotia. The fully equipped workshop spans 12,000 square feet and is furnished with two 10-ton overhead cranes, a fully equipped machine shop, plasma cutting table, and complemented by a secure one-acre lay-down yard. Our full-service fabrication and welding shop is equipped to handle any fabrication or repair task with precision and efficiency. Additionally, our portable units stand ready to address your welding needs on-site. Backed by a team of dedicated and well-trained tradespeople, we ensure quality and expert service while maintaining rigorous adherence to our quality management system.

<https://dfbarnes.com/division/kms/>

31 Mt Hope Ave., Dartmouth, NS, B2Y 4R4

### **MacArtney Canada Inc**

MacArtney Underwater Technology Group is a global provider of underwater technology, with 18 operations and 24 distributors worldwide. The company supplies and services subsea systems for offshore energy, ROV and diving operations, renewable energy, ocean science, and naval applications, including cables, connectors, telemetry, cameras, instruments, winches, and remotely operated vehicles, engineered for reliable performance in demanding underwater environments.

<https://www.macartney.com>

[info@macartney.com](mailto:info@macartney.com)

201 Brownlow Ave., unit 21, Dartmouth,  
NS, B3B 1W2

### **MacGregor Industrial Group**

MacGregors Industrial Group is a multi-discipline manufacturing, supply, and service business headquartered in New Glasgow, Nova Scotia. In business since 1976, we've grown from humble beginnings as a local machining repair operation to become one of the leading industrial contractors in Atlantic Canada.

<https://www.macgregors.ca/>

140 Coalburn McLellans Brook Rd,  
Thorburn, NS, B0K 1W0

### **Maritime Pressure Works**

Maritime Pressure Works Ltd. specialize in installation, repair and condition assessment of both steam and hot water boilers and auxiliary equipment. We have a project team and skilled tradespeople that can mobilize to wherever they are needed. Our worksites include industrial facilities, institutions, commercial establishments and marine ship repair.

<https://maritimepressureworks.ca/>

[info@mpwLtd.ca](mailto:info@mpwLtd.ca)

70 Neptune Cres., Dartmouth, NS, B2Y  
0B6

### **Mulgrave Machine Works**

Mulgrave Machine Works (also known as "MMW") is an established metal fabricator and custom manufacturer with over 50 years of industry experience. Located in Mulgrave, Nova Scotia, Canada, MMW proudly services various industries including the onshore/offshore oil and gas, light/heavy industrial, and marine sectors across the globe. We're proud of our local community and are one of the area's larger employers.

<https://mulgravemachineworks.ca/>

[colin.ells@mulgravemachineworks.ca](mailto:colin.ells@mulgravemachineworks.ca)

34 England Ave., Mulgrave, NS, B0E 2G

### **R&D Crane**

R&D Crane is a division of the Cherubini Group of companies that provides crane services and equipment to all industries including construction, commercial, marine, wind and residential. Our fleet of cranes ranges from a 30-ton boom truck to a 440-ton crawler. With years of experience erecting buildings and bridges, R&D's team of competent certified operators, engineers and managers treats every lift like it's their own.

<https://cherubinigroup.com/>

[cmw@cherubinigroup.com](mailto:cmw@cherubinigroup.com)

570 Wilkinson Ave, Dartmouth, NS, B3B 0J4

## Education, Training and Safety

### **Acadia University**

Acadia University is one of Canada's oldest and most respected liberal arts universities, founded in 1838 and located in Wolfville, Nova Scotia, near Halifax and the Bay of Fundy. The university offers strong academic programs to a diverse student body from across Canada and around the world, emphasizing undergraduate research, community engagement, and collaborative learning. With a focus on personal development, diversity, and leadership, Acadia provides a supportive academic environment that prepares students for lifelong learning, careers, and global citizenship.

<https://www2.acadiau.ca/home.html>

[externalrelations@acadiau.ca](mailto:externalrelations@acadiau.ca)

15 University Ave., Wolfville, NS, B4P 2R6

### **Cape Breton University**

A diverse campus and welcoming environment are waiting for you at Cape Breton University. Here, you'll get more than just a world-class education. You'll build life-long friendships, gain global perspectives and experience the vibrant culture of Cape Breton Island.

Live and study alongside students just like you from over 70 countries around the world while receiving the support you need to succeed.

<https://www.cbu.ca/>

[marcomm@cbu.ca](mailto:marcomm@cbu.ca)

1250 Grand Lake Rd., Grand Lake, NS,  
B1M 1A2

### **Dalhousie University**

To lift the intellectual, social, and economic vitality of our local, national, and global communities through an institution-wide commitment to a world-class student experience, interdisciplinary collaboration, and mutual respect and inclusion in all aspects of our academic, research, and civic priorities.

Dalhousie inspires our diverse community to serve Nova Scotia, Canada, and the world through innovative and impactful teaching and research, world-class scholarship, a passion for learning, and a deep sense of social responsibility.

<https://www.dal.ca/>

[Research@Dal.Ca](mailto:Research@Dal.Ca)

6283 Alumni Cres., Halifax, NS

### **K&D Pratt**

Our number one priority is to provide comprehensive full-service solutions that satisfy all requirements to customers in the Life Safety, Instrumentation, Technical Services, Offshore, Coatings and Sanitation industries. Our quality products are complemented by our industry-leading partners and our experienced in-house personnel whose number one priority is to deliver superior customer service.

<https://kdpratt.com/>

[sales@kdpratt.com](mailto:sales@kdpratt.com)

21 Frazee Ave., Burnside Industrial Park,  
Dartmouth, NS, B3B 1Z4

### **Mount Saint Vincent University**

Mount Saint Vincent University (MSVU) is located in Mi'kma'ki, the unceded and ancestral territory of the Mi'kmaq People, and is deeply committed to equity, diversity, inclusion, and accessibility. Founded by women for the advancement of women, MSVU integrates social responsibility and social justice into its teaching, research, and community engagement. With a diverse community of over 4,000 students from nearly 70 countries, supported by experienced faculty and staff, the university offers strong academic and research programs focused on areas such as food security, healthy aging, literacy, and childhood development, while fostering global citizenship and leadership.

<https://www.msvu.ca/>

[karen.white@msvu.ca](mailto:karen.white@msvu.ca)

166 Bedford Hwy., Halifax, NS, B3M 2J6

### **NSCC National Institute**

Nova Scotia Community College is transforming our province. Through our network of [14 campuses](#), we provide Nova Scotians with inclusive and flexible access to education and the specialized, industry-driven training essential for today and tomorrow's workforce.

We believe the future lies in the power of learning, which is why we care about the success of every student – in education, in career and in life.

The logo for NSCC National Institute consists of the lowercase letters "nsc" in a bold, blue, sans-serif font, followed by "cc" in a slightly smaller, blue, sans-serif font.

<https://www.nsc.ca/>

21 Woodlawn Rd., Dartmouth, NS, B2W 2R7

### **RelyOn Nutec Canada**

RelyOn Nutec Canada is a leading provider of advanced safety and survival training, specializing in helicopter underwater egress training (HUET) and emergency response simulation for military and civilian sectors. Utilizing over 25 configurations of the METS® Model 50 simulator and Canada's most advanced multi-level LPG fire simulator, the company delivers highly realistic training for aviation, offshore, oil and gas, maritime, and industrial personnel. RelyOn Nutec Canada trains all Royal Canadian Air Force members and supports clients worldwide through state-of-the-art simulation technology and internationally recognized expertise.

### **SubC Imaging**

SubC Imaging's mission is to continuously create the most technologically advanced and intelligent subsea imaging equipment and software for marine research, offshore oil and gas, aquaculture, fisheries, and other industries. With a global client list spanning more than 30 countries, SubC's underwater equipment, such as complete camera systems, cameras, LEDs, and lasers have been in use for a number of years. Several pieces of equipment deployed for applications like observatories are continuously operating since deployed and are providing consistently reliable performance.

### **Xeos Technologies**

Xeos Technologies Inc. has been designing and manufacturing low power monitoring equipment for remote applications since our beginning in 2004. We provide reliable & innovative ways to track, monitor and control moorings, buoys and autonomous vehicles in harsh environments. With decades of design experience in Ocean science and military markets we understand how to design for success in the world's harshest environments. Despite our extensive experience we maintain a pioneering perspective and understand each of our clients is truly a partner, deserving of the best we have to offer in design, quality control and support.

## Transportation and Logistics

### **Armour Transportation**

Armour Transportation Systems, founded in the 1940s in New Brunswick, is one of Atlantic Canada's largest carriers and logistics providers. Starting with a single truck, the company has grown into an industry-leading transportation and logistics group, delivering high-quality freight services across Atlantic Canada and beyond. Known for its commitment to safety, operational excellence, and employee development, Armour combines advanced processes and technology with a legacy of reliability. The company has been recognized with multiple industry awards for service, safety, workplace excellence, and diversity.

40 Topple Dr., Dartmouth, NS, B3B 1L6

### **Chater Marine Supply Ltd**

Chater marine started in 1968. We started as a butcher shop, but because of our quality, we were soon approached by the Canadian Navy to supply some of their vessels with fresh meat proteins. Due to their satisfaction with our quality and delivery rates, they started to inquire on other food items such as produce, dry goods, and then eventually duty free (bonded). We stepped up. From there, we added technical items to our offerings, and by 1972 we had become a full line ship chandler providing services such as Provisions, Bonded, Technical, Safety, Spare Part transfers, and Storage to all types of commercial and navy vessels, both foreign and domestic. In 2009, the company was succeeded by Charbel Chater, who continues the tradition today.

### FK Warren

F.K. Warren/McLean Kennedy is one of Canada's oldest and most experienced marine agencies, with over 125 years of service across all Canadian ports and the Great Lakes. We handle a high volume of vessels annually, including tankers, container ships, bulk and break-bulk vessels, heavy-lift ships, cruise vessels, and specialized carriers. Beyond ship agency services, we provide integrated logistics solutions through trusted partners, including stevedoring, trucking, and freight forwarding, supporting complex marine and offshore projects.

B3K 2R7

### **Marine Renewables Canada**

MRC is the national industry association representing tidal, offshore wind, wave, and river current energy in Canada. Founded in 2004, it brings together developers, suppliers, utilities, Indigenous organizations, researchers, and communities to advance the marine renewable energy sector.

The association supports industry growth through policy advocacy, market intelligence, education, collaboration, and domestic and international business development. Marine Renewables Canada also promotes the role of marine renewables in decarbonization, including green hydrogen production and reducing diesel use in remote and marine-dependent communities.

10 Simmonds Dr. Dartmouth, NS, B3B  
1R3

### **Milford Terminals**

The Melford Industrial Reserve is positioned for heavy and marine-based industries. No urban issues conflict with industrial growth and industries are welcomed at a port where large tracts of industrial land allow investors to design and build state-of-the-art facilities that maximize efficiencies.

As container ships and bulk carriers' growth, fewer ports can accommodate them without costly dredging or other upgrades. There are no such concerns associated with the Strait of Canso, which has capacity to accommodate any vessel plying the seas or on the drafting tables.

<https://modg.ca/business/melford-atlanticy>

Guysborough, Nova Scotia

### **Novaporte**

Novaporte is a 2000+ acre deep-water port, logistics, and green energy infrastructure project. The greenfield development will meet the projected doubling of maritime cargo traffic through North America's east coast by 2050 with a zero-carbon transportation infrastructure. Strategically located in Sydney, Nova Scotia, Canada, Novaporte is six miles off the Great Circle Route and the first port of call for ships sailing from Europe and the Suez Canal.

[jforian@novaporte.ca](mailto:jforian@novaporte.ca)

90 Esplanade, PO Box 925, Sydney, NS,  
B1P 1A1

### **QSL- Sheet Harbour**

The Port of Sheet Harbour is one of the closest ports to Europe. Being only 53 mi (85km) from the circumpolar route it saves a great deal of time. We handle two different categories of cargo at this port: general cargo (wood pellets, steel girders, steel rails and drums) and project cargo (electrical power generators, wind turbines and transformers for utilities).

### **Rhenus Logistics**

The Rhenus Group stands for logistics solutions that move – worldwide, innovatively and sustainably. With modern warehouse locations, individual transport concepts and industry-specific value-added services, we design supply chains that are flexible, efficient and future-proof. Digital tools and a global infrastructure enable our teams of experts to meet your needs in every industry – from automotive to high tech.

<https://www.rhenus.group/>

Halifax, NS

### **Seaboard Transportation Group**

Safety is a core commitment at Seaboard Transport Group. The company goes beyond regulatory requirements by investing in advanced safety programs, professional safety teams, and leading technologies. These include dedicated field safety professionals, collision-avoidance and vehicle stability technologies, fleet performance optimization through preventative maintenance, data-driven safety improvements, remote driver monitoring and coaching, safety performance scorecards, and ongoing education and training. Together, these efforts ensure the wellbeing of employees, customers, and everyone sharing the road.

721 Wilkinson Ave., Dartmouth, NS, B3B  
0H4

### **Strait of Canso Superport Corp**

The Strait of Canso Superport Corporation owns and operates two marine facilities in the Strait of Canso: the Mulgrave Marine Terminal and the Port Hawkesbury Pier. The Strait Superport was formed in 1997 as a non-profit organization, governed by a volunteer Board of Directors that represents diverse interests in the Strait of Canso region.

428 Main St., Mulgrave, NS

### **Total Transport and Rigging**

Dealing fairly and honestly with everyone involved in the business is essential to maintain an excellent reputation in the heavy haul industry. Performing outstanding, punctual and safe work is the most important reputation for our people and the company. Our long-term strategy is formulated by well trained and experienced personnel, modern and sophisticated equipment and innovative engineering.
