

Innovate to Opportunity

Innovation Progress Report

Business Name:

Contact Name:

1. The Innovation Plan you submitted with your funding application estimated the amount of time that your graduate-employee would spend on the activities listed below. Please indicate the percentage of time your ITO-hire has actually spent doing each activity. If there is a significant variance, or you expect the balance of activities to change in the coming months and years, please explain.

% Predicted	% Actual	Innovation Activity
		Applied Research and Development
		New Product and/or service development
		Process development or improvement
		Export Market analysis for new complex product or service
		Technical feasibility studies, pilots for product launches or market entry
		Improvement of product quality, customer services, business efficiencies
		Proof of concept or prototyping
		Other (please specify)

Comments:

6. Please list any other innovation-focused government supports you have received.
