Introduction

The Public Service Commission, on behalf of the Nova Scotia Government, conducts the bi-annual How's Work Going survey. The survey gathers feedback on the employee work experience, measures employee engagement and monitors change over time.

The How's Work Going survey program provides leadership with important information that has enabled the organization to better understand the work environment, start conversations and test and implement programs and strategies, based on the feedback received from employees.

The How's Work Going survey program is developed based on the Nova Scotia Engagement Model. The model measures key elements in the work environment as well as the factors that influence or drive engagement, having a significant impact on an employee's work experience. The Nova Scotia model is based on the Canadian Interjurisdictional Engagement Model.

The Nova Scotia Engagement Model is graphically represented on the following page by a 'Lighthouse'.

Lighthouse

The Lighthouse represents the Model's three main characteristics.

Lens - The engagement index is located at the top of the Lighthouse.

Structure - Key elements of employee engagement as measured. These elements are captured under the themes of Job, Well-Being and Opportunities.

Foundation - Leadership is the foundation on which the model is built.

Reading the Report

The Lighthouse graphic presents category scores based on the questions in the 2019 How's Work Going survey. The categories are color coded to indicate overall satisfaction.

A priority matrix maps the categories from the lighthouse with the impact they have on an employee's engagement. The priority matrix allows users to graphically pinpoint priority areas for focus as well as areas of success.

To further understand success or focus areas, please refer to the remaining report pages for specific survey questions and responses.

Please note: A visually accessible version of the results follows.
