Introduction

The Public Service Commission, on behalf of the Nova Scotia Government, conducts the bi-annual How's Work Going survey. The survey gathers feedback on the employee work experience, measures employee engagement and monitors change over time.

The How's Work Going survey program has provided leadership with important information that has enabled the organization to better understand the work environment, start conversations and test and implement programs and strategies, based on the feedback received from employees.

In 2017, Nova Scotia updated the How's Work Going survey and significantly decreased the number of questions to better reflect and measure key elements of the work environment. A draft survey was created and focus sessions were held with leaders from across the province to test the new survey.

Nova Scotia's Employee Engagement Model

The How's Work Going survey program is developed based on the Nova Scotia Engagement Model. The model measures key elements in the work environment and drivers of engagement that have a significant impact on an employee's work experience and engagement. The Nova Scotia model is based on the Canadian Interjurisdictional Engagement Model.

The Nova Scotia Engagement Model is graphically represented on the following page by a 'Lighthouse'.

Nova Scotia is a member of a [Canadian Interjurisdictional Engagement Team](#)

Lighthouse

The Lighthouse represents the Model's three main characteristics.

- ▽ **Lens** – The engagement index is located at the top of the Lighthouse.
- ▽ **Structure** – Key elements and drivers of employee engagement measured by the model. These elements are captured under the themes of Job, Well-Being and Opportunities.
- ▽ **Foundation** – Leadership is the foundation on which the model is built.

Reading the Report

The Lighthouse graphic presents driver category scores based on the questions on the 2017 How's Work Going survey. The drivers are color coded to indicate overall satisfaction with the category. A priority matrix maps the driver categories from the lighthouse with the impact they have on an employee's engagement. The priority matrix allows users to graphically pinpoint priority areas for focus as well as areas of success. To further understand success or focus areas, please refer to the remaining report pages for specific survey questions and responses.

Health & Wellness Trends

ⁱ In 2017, Nova Scotia updated its Engagement Model to include a 7th question. Overall, I feel valued as a Government of Nova Scotia employee has been included in the calculation of the Engagement Index. This update is consistent with the Canadian Interjurisdictional Engagement Model.

ⁱⁱ Question wording has changed slightly from the 2015 How's Work Going survey.

ⁱⁱⁱ This question is not included in the category average presented in the lighthouse.
