

## Becoming an NSLC Wholesale Customer & Placing your Initial Order

### Getting an NSLC Customer Number After You Have Obtained Your Liquor License

The AGD will send confirmation of your liquor license, including your establishment name, address, and owner's contact information, to the NSLC. We will create a licensee customer number for you based on this information. This six digit account number starts with a "5" and is the number you need to provide the Sales Desk or store whenever you are placing an order.

You can contact one of our Account Managers to confirm everything is ready for you to begin ordering:

Jib Nasrallah 497-1866	Jillian Major 220-0497
