Five Year Highway Improvement Plan 2025-26
ISBN: 978-1-77448-701-3

Introduction

The 2025–26 Five-Year Highway Improvement Plan details the government’s strategy for the construction, repair, and maintenance of provincially owned roads, highways, and bridges.

This plan includes major highway projects, repaving, significant bridge replacements, capital maintenance, and other infrastructure improvements scheduled for the next five years.

By releasing the highway improvement plan early, the province gives the road building industry time to prepare for the over 150 upcoming highway projects in the next fiscal year. It also helps inform Nova Scotians about road and bridge improvements happening in their communities.

Gravel Road Program

Approximately 35 per cent, or more than 8,400 kilometres, of Nova Scotia’s provincial roads are gravel. Because of the importance of these roads to the provincial road network, government is maintaining its increased investment of \$55 million for the Gravel Road Capital Program. This funding is dedicated to enhancing existing gravel roads in rural Nova Scotia, and allowing for proactive reconstruction that strengthens road structure and drainage. These improvements lead to longer-lasting roads, improved safety, and lower maintenance costs.

Bridges

Nova Scotia has over 4,100 bridges as part of the of the provincial road network. Bridges are an integral part of the road network; the provincial government continues the funding for the Bridge Program at \$60 million. Funding for the program is used to repair and replace existing structures for Nova Scotians. This enables a proactive approach to expand the rehabilitation and replacement of existing structures resulting in improved safety and reduced maintenance costs.

Climate Change and Growth

Due to the increase in significant weather events, the department is designing roads and bridges to be more resilient against future storms. The department is focused on replacing and repairing the affected infrastructure over the next three to five years and to finding more efficient ways to respond to weather-related impacts. The department has dedicated funding to deal with damage and continues to explore new methods and designs for building and managing infrastructure to meet the ongoing severe weather challenges. The road building industry has been a valuable partner in meeting the demand for repairs and replacements from these events.

The department is also looking into the future with the population growth in the province to improve existing infrastructure and to build new roads, highways, and active transportation facilities to accommodate the increase in demand in both the urban and rural areas.

Sustainability

The Province of Nova Scotia is responsible for maintaining the majority of public roads in the province (90 per cent). The cost per kilometre on average is \$500 thousand to rehabilitate our road infrastructure, and an average between \$500 thousand to \$750 thousand or more to upgrade a trunk highway, and \$7 million to \$10 million to twin a highway.

The department strives to use fiscally responsible alternatives to extend the life cycle of existing road infrastructure. In addition, the department is committed to continuing to invest more in active transportation infrastructure, providing more sustainable options for road users.

While severely damaged roads will continue to be addressed, a portion of our highway improvement budget will be set aside to help conserve paved roads before they become damaged and need costly repairs. This approach ensures that funding is used more efficiently and effectively. It is more sustainable in the long term.

Safety and sustainability in road preservation focuses on ensuring long-term, environmentally responsible infrastructure. Safety measures include regular maintenance to address wear and tear, effective signage, lighting, and the integration of advanced technologies like road sensors to monitor road conditions and enhance traffic management. Sustainability emphasizes promoting recycling in construction, and designing roads that minimize environmental disruption. By balancing safety with sustainability, road preservation efforts can reduce accidents, extend infrastructure lifespans, and contribute to broader long-term goals.

Traffic Solutions, Safety Improvements for Major Highways

With the increase in population, highways in Halifax Regional Municipality (HRM) and surrounding areas have seen a corresponding increase in traffic. To support our growing population, the department, in collaboration with the Joint Regional Transportation Agency, is advancing planning efforts to reduce traffic congestion and enhance safety for travellers between HRM, the Annapolis Valley, Truro, and throughout HRM. These projects include the following:

- A strategic link between Hammonds Plains Road near Sandy Lake and Exit 2 on Highway 101
- Increasing the capacity of Highway 102
- Upgrading the interchange where highways 101 and 102 meet near Bedford
- Upgrading Exit 2, Kearney Lake Road, and Exit 3, Hammonds Plains Road on Highway 102
- Assessing options and routes for light rail

Traffic studies, feasibility studies, and functional designs will be initiated to assess the viability of these projects before proceeding to the design and construction phases.

Major Projects

NEW AND ONGOING

The following new major projects are expected to begin in 2025:

- Work to modernize the configuration of the Port Hastings rotary as part of the ongoing commitment to improve sections of untwinned highways
- Highway 107 exits 18 to 19 passing lanes

The Great Bras d'Or Crossing (Seal Island Bridge) Rehabilitation Program was initiated in late fall 2023 to strengthen vertical steel members. This rehabilitation program will continue under a phased approach and multiple tenders.

Planning and design work is being finalized for several major construction projects over the next seven years. The projects include Highway 103 Argyle Interchange (exits 32 and 32A), Highway 103 Exit 6 to Exit 8 twinning, Highway 104 Taylors Road to Paqtnkek twinning, and Highway 107 Burnside to west of Loon Lake twinning.

The Cambridge Interchange and Connector project is underway, with preliminary work started on the interchange roundabouts, structure, and ramps. On Highway 103, the twinning between exits 6 and 8 has commenced with bridge construction at Exit 7 and clearing scheduled in early 2025. For the Highway 104 twinning between Taylors Road and Paqtnkek, construction has begun on three structures and clearing. Meanwhile, on Highway 107, the Burnside to Loon Lake twinning project has seen construction begin on the structure at Highway 118, with subgrade work scheduled for late 2025.

Construction is continuing on the Tancook Ferry infrastructure development. This includes upgrading of the wharf and road infrastructure required to support the new car ferry, including a new landing and staging areas in Blandford. The project is being constructed in multiple phases and is scheduled to be complete by 2026–27.

On the Highway 101 Three Mile Plains to Falmouth twinning project, the department continues to work with regulators on a solution for the Avon River aboiteau replacement, which is required to complete the twinning project.

The Highway 102 Aerotech Connector roundabout at Trunk 2 will be completed in early 2025. The multi-year construction for the Trunk 4 and Kings Road upgrading project will be completed in 2025/26. The Trunk 4 Antigonish active transportation corridor conversion project is ongoing and scheduled to be completed in fall 2027.

Other safety improvements, such as the rest stops on Highway 104 between exits 8 and 10 near the Cobequid Pass toll plaza, are nearing completion.

COMPLETED

Several major projects were substantially completed in 2024, including Highway 103 Tantallon to Hubbards, Highway 103 Bridgewater Interchange, and the Highway 107 Sackville-Bedford-Burnside Connector, and the Highway 104/Route 344 intersection realignment at Aulds Cove.

Economic Impact

The road building industry in Nova Scotia is a large source of jobs, creating more than 6,000 direct and 3,000 indirect positions every year.

The total highway capital budget for 2025–26 is expected to exceed \$500 million. In addition to this, operational funding for highway maintenance will be made available as part of the 2025–26 budget.

Capital funding for highway construction and rehabilitation currently comes from three sources:

1. Provincial

Highway funding in Nova Scotia includes all revenues collected through provincial fuel taxes and registration of motor vehicles, as well as other funding provided by the provincial government.

Almost every dollar from Registry of Motor Vehicle (RMV) fees and the fuel tax goes back into provincial roads. Over the past two years, the province has invested an additional \$583 million beyond what was collected in RMV fees and fuel tax.

2. Federal

Federal funding to support highway improvement projects is provided by the New Build Canada Fund, the National Trade Corridors Fund, Investing in Canada Infrastructure Program, and the Disaster Mitigation and Adaptation Fund. The province continues to work with its federal partners to take advantage of opportunities for support where possible.

3. Municipal

Municipalities contribute on cost-shared projects in their areas.

How Capital Funding Is Invested

About \$295 million will be invested in the coming year for design work, road improvement, bridge rehabilitation, equipment, and ferries. Major construction spending for new highways and bridges will be confirmed in the 2025–26 provincial capital budget.

Asphalt and Resurfacing – \$161M

Gravel Road Program – \$55M

Bridge Replacement/Rehabilitation – \$60M

Land Purchases – \$7M

Equipment, Machinery, Ferries – \$7M

Highway Design, Surveys – \$5M

The following tables list major construction and asphalt paving projects on 100-series highways, trunks, and routes, and major bridge replacements and rehabilitations for the next five years. Local roads, pavement preservation, and gravel road upgrades are also included for 2025–26.

Projects Planned for 2025–26

Major Construction Projects for 2025–26

	km	County	Type
Highway 101: Cambridge Interchange & Connector (multiple-year project)		Kings	100 Series Expansion & Other Major Road Upgrades
Highway 101: Three Mile Plains to Falmouth twinning and aboiteau-dyke upgrades (multiple-year project)		Hants	100 Series Expansion & Other Major Road Upgrades
Highway 102: Aerotech Connector (multiple-year project)		Halifax	100 Series Expansion & Other Major Road Upgrades
Highway 102: expansion upgrades (pre-engineering) (multiple-year project)		Halifax	100 Series Expansion & Other Major Road Upgrades
Hammonds Plains Road to Highway 101 (Exit 2) Connector (pre-engineering) (multiple-year project)		Halifax	100 Series Expansion & Other Major Road Upgrades
Highway 103: Argyle Interchange (exits 32 & 32A) (multiple-year project)		Yarmouth	100 Series Expansion & Other Major Road Upgrades
Highway 103: twinning Exit 6 to Exit 8 (multiple-year project)		Lunenburg	100 Series Expansion & Other Major Road Upgrades
Highway 104: twinning Taylors Road to Paqtnkek (multiple-year project)		Antigonish	100 Series Expansion & Other Major Road Upgrades
Highway 105/104: Port Hastings, rotary upgrades (multiple-year project)		Inverness	100 Series Expansion & Other Major Road Upgrades
Highway 105: Great Bras D'Or Crossing (Seal Island Bridge) (multiple-year project)		Victoria	100 Series Expansion & Other Major Road Upgrades

**Major Construction Projects
for 2025–26**

	km	County	Type
Highway 107: Exit 17 to 18 wildlife mitigation, access improvements		Halifax	100 Series Expansion & Other Major Road Upgrades
Highway 107: Exit 18 to 19 passing lanes, access improvements		Halifax	100 Series Expansion & Other Major Road Upgrades
Highway 107: Exit 21 ramp improvements, access improvements		Halifax	100 Series Expansion & Other Major Road Upgrades
Highway 107: twinning Burnside to Lake Loon (multiple-year project)		Halifax	100 Series Expansion & Other Major Road Upgrades
Trunk 4: Antigonish active transportation corridor conversion (multiple-year project)		Antigonish	100 Series Expansion & Other Major Road Upgrades
Tancook Ferry infrastructure development (multiple-year project)		Lunenburg	100 Series Expansion & Other Major Road Upgrades

**Construction/Improvement Projects
for 2025–26**

	km	County	Type
Highway 118: intersection improvement at Lancaster and Highway 118		Halifax	Construction 100 Series Highways
Highway 125: Grand Lake Road intersection upgrade		Cape Breton	Construction 100 Series Highways
Trunk 4: Kings Road upgrading from Highway 125 to Weidner Drive (multiple-year project)	1.5	Cape Breton	Construction Arterial/Collector
Trunk 4: turning lane at Heather Estates and Trunk 4		Cape Breton	Construction Arterial/Collector
Route 207: realign a section of Route 207 (Lawrencetown Road)		Halifax	Construction Arterial/Collector

**Construction/Improvement Projects
for 2025–26**

	km	County	Type
Route 348: from 3.7 km east of North Side West River Road culvert replacement		Guysborough	Construction Arterial/Collector
Brown Road: culvert replacement from Outram Road easterly to Mount Hanley Road		Annapolis	Construction Local Road
Orchard Street: Orchard Street and Trunk 1 intersection improvements	0.2	Kings	Construction Local Road
Shore Road: reinstating two segments of retaining wall along Shore Road		Queens	Construction Local Road

Asphalt Projects for 2025–26

	km	County	Type
Highway 102: north-bound lane from km marker 94 to 95	1	Colchester	Repaving 100 Series Highways
Highway 103: from Northfield Overpass easterly to Exit 11	5	Lunenburg	Repaving 100 Series Highways
Highway 104: west bound Exit 15 off ramp from Highway 104 (west-bound lane) to Highway 102 (south-bound lane)	1.1	Colchester	Repaving 100 Series Highways
Highway 104: west-bound lane from Exit 5 area (km marker 30.6 to 27.3)	3.3	Cumberland	Repaving 100 Series Highways
Highway 105: from Highway 223 (Exit 6) easterly	6.7	Victoria	Repaving 100 Series Highways
Highway 118: north-bound lane from Micmac Boulevard to 1 km south of Exit 13E	2.7	Halifax	Repaving 100 Series Highways
Trunk 1: from St. Croix River Bridge to Windsor town line	7.9	Hants	Repaving Arterial/Collectors
Trunk 3: from Evelyn Richardson Memorial Elementary School westerly	4.2	Shelburne	Repaving Arterial/Collectors
Trunk 4: from Wash Plant Access Road easterly to Gardiner Road	2.2	Cape Breton	Repaving Arterial/Collectors

Asphalt Projects for 2025–26	km	County	Type
Trunk 4: from 130 m west of Macguire Drive easterly to Garth Wilson Avenue	1.15	Cape Breton	Repaving Arterial/Collectors
Trunk 4: from 3.5 km west of Exit 18A easterly to Exit 18A	3.5	Colchester	Repaving Arterial/Collectors
Trunk 6: from Colchester/Pictou county line westerly	5.9	Colchester	Repaving Arterial/Collectors
Trunk 6: from Beecham Road to Shinimicas River	6.4	Cumberland	Repaving Arterial/Collectors
Trunk 10: from North River Road to Annapolis county line	6.2	Lunenburg	Repaving Arterial/Collectors
Trunk 12: from Highway 101 southerly	6.1	Kings	Repaving Arterial/Collectors
Trunk 19: from East Street northerly to 600 m north of Whycomomagh Port Hood Road	6	Inverness	Repaving Arterial/Collectors
Trunk 30: from 340 m west of White Point Road to 1 km west of Bay St. Lawrence Road	5.4	Victoria	Repaving Arterial/Collectors
Route 201: from Annapolis county line easterly to Argus Drive (various sections)	1.9	Kings	Repaving Arterial/Collectors
Route 204: from Mansfield Road to 5 km west of Oxford town line	3.6	Cumberland	Repaving Arterial/Collectors
Route 204: from 2 km east of Jersey Road to Route 368	2	Cumberland	Repaving Arterial/Collectors
Route 289: from 6.5 km west of Salter Road to Salter Road	6.5	Pictou	Repaving Arterial/Collectors
Route 333: from Indian Point Road northerly to Trunk 3	6	Halifax	Repaving Arterial/Collectors
Route 337: from Antigonish town line northerly to Marl Road	5.9	Antigonish	Repaving Arterial/Collectors
Route 357: from Trunk 7 northerly	6	Halifax	Repaving Arterial/Collectors

Asphalt Projects for 2025–26	km	County	Type
Crowell Road: from Route 207 to Marjorie Drive	5.42	Halifax	Repaving Local Roads
Powers Road: from Terrance Bay Road to end of cul-de-sac	2	Halifax	Repaving Local Roads
Shankel Road: from Trunk 3 easterly to Trunk 3 (loop)	0.45	Halifax	Repaving Local Roads
East Uniacke Road: from Powell Drive northerly to Lakecrest Drive	3.2	Hants	Repaving Local Roads
Stark Road: from end of pavement northerly to Trunk 1	1	Hants	Repaving Local Roads
Wentworth Road: from 200 m east of roundabout (Highway 101 Exit 5A) easterly to Baxter Road	1.8	Hants	Repaving Local Roads
Addington Forks Road: from St. Josephs Road easterly	3.3	Antigonish	Repaving Local Roads
Morrison Road: from Trunk 22 easterly	5	Cape Breton	Repaving Local Roads
Larrys River Road: from 1.5 km south of Mountain Road southerly 5.1 km	5.1	Guysborough	Repaving Local Roads
Lincolnvile Loop: from Trunk 16 to Trunk 16	2.4	Guysborough	Repaving Local Roads
East Street: from Trunk 19 to end of pavement	1.39	Inverness	Repaving Local Roads
St. Peters Forchu Road: from 0.4 km east of Ferguson Road easterly	4	Richmond	Repaving Local Roads
Janvrin Harbour Road: from 1.3 km west of Moucliere Bridge westerly to MacDonald Road	2.9	Richmond	Repaving Local Roads
West Bay Road: from Cedar Drive westerly	3.7	Richmond	Repaving Local Roads
Kempt Head Road: from Steeles Cross Road easterly	3.4	Victoria	Repaving Local Roads
Little Narrows Road: from Route 223 easterly	4	Victoria	Repaving Local Roads

Asphalt Projects for 2025–26	km	County	Type
Middle Road: from Rushton Road to Plains Road	5.8	Colchester	Repaving Local Roads
Shulie Road: from 2.8 km south of Sand River Bridge to Sand River Bridge	2.8	Cumberland	Repaving Local Roads
Thomson Road: from 5 km north of Wentworth-Collingwood Road to Jungle Road	6.6	Cumberland	Repaving Local Roads
Brook Road: from Mountain Road to River John Station Road	3.8	Pictou	Repaving Local Roads
French River Road: from Route 347 to Trunk 4	13.8	Pictou	Repaving Local Roads
Old Pictou Road: from 600 m east of Baillies Road to River John Road	4.5	Pictou	Repaving Local Roads
Brooklyn Road: from Mount Hanley to Highway 101	4.9	Annapolis	Repaving Local Roads
Spa Springs Road: from Route 362 easterly	3.1	Annapolis	Repaving Local Roads
Gullivers Cove Road: from Route 217 northerly	3.5	Digby	Repaving Local Roads
Hectanooga Road: from Lake Doucette Road easterly	4	Digby	Repaving Local Roads
Bains Road: from Route 359 easterly to Black Hole Road	5.5	Kings	Repaving Local Roads
Brow of Mountain Road: from Route 359 easterly to Baxters Harbour Road	5	Kings	Repaving Local Roads
Crouse Settlement Road: from Camperdown School Road easterly to Sarty Road	4.1	Lunenburg	Repaving Local Roads
New Russell Road: from Russell Road easterly to Lewis Lake Road	3.2	Lunenburg	Repaving Local Roads
West Street: from Liverpool town line northerly to Bridge Street	2.7	Queens	Repaving Local Roads
Argyle Head Road: from Trunk 3 northerly to Crowelltown Road	4	Yarmouth	Repaving Local Roads

Asphalt Projects for 2025–26	km	County	Type
Route 354: from 5 km north of Findley Road northerly	2.4	Hants	Pavement Strengthening
Route 246: from 1 km south of Trunk 6 to Trunk 6	1	Colchester	Pavement Strengthening
River Road: from Trunk 8 westerly	1.5	Queens	Pavement Strengthening
Trunk 14: from Trunk 3 to Highway 103	3	Lunenburg	Single Lift Overlay
Route 289: from Cloverdale Road to Lilyvale Road	4.76	Colchester	Maintenance Paving
Lower Prospect Road: from end of listing northerly to Back Bay Road	2.3	Halifax	Maintenance Paving
Greenhill Road: from Ardoise School Road to Woodville Road	4	Hants	Maintenance Paving
Route 277: from Hurshman Road to Milford Road	3.7	Hants	Maintenance Paving
Grand Mira North Road: from Intervale Road northerly to Intervale Road	2.7	Cape Breton	Maintenance Paving
Grand Mira South Road: from 2.6 km south of Campbelldale Road northerly	1.1	Cape Breton	Maintenance Paving
West Big Intervale Road: 2.2 km west of Cranton Cross Road easterly	2.6	Inverness	Maintenance Paving
MacEachern Road: from Port Royal Road easterly to Route 206	1	Richmond	Maintenance Paving
Veterans Memorial Drive: from Robins Road westerly to Bay Street	3.3	Richmond	Maintenance Paving
Route 311: from 0.5 km south of Sutherland Road to Kemptown Road	3.7	Colchester	Maintenance Paving
Route 311: from Spiddle Hill Road to Kavanaugh Mill Road	2.7	Colchester	Maintenance Paving

Asphalt Projects for 2025–26	km	County	Type
Route 209: from 200 m east of Bayview Road (east intersection) easterly	2	Cumberland	Maintenance Paving
Elmfield Road: from 500 m south of MacBeth Road to Route 256	2.4	Pictou	Maintenance Paving
Six Mile Brook Road: from Trunk 4 to Four Mile Brook Road	5.5	Pictou	Maintenance Paving
Leonard Road: from Trunk 1 northerly to Clarence Road (various sections)	1.6	Annapolis	Maintenance Paving
West Dalhousie Road: from Trunk 8 easterly	1.6	Annapolis	Maintenance Paving
John Doucette Road: from Cape St. Marys Road easterly to Trunk 1	2.3	Digby	Maintenance Paving
Greenfield Road: from 2 km south of Gaspereau River Road southerly	2	Kings	Maintenance Paving
J Jordan Road: from Bains Road northerly to Woodside Road	2	Kings	Maintenance Paving
Lower Branch Road: from Route 331 northerly	2.1	Lunenburg	Maintenance Paving
Silver Road: from Route 208 northerly to end of listing	1.6	Lunenburg	Maintenance Paving
Sandy Point Road: from Shelburne town line southerly	2.2	Shelburne	Maintenance Paving
Whistlers Cove Road: from 450 m east of East Dover Road easterly to end	0.5	Halifax	Double Chip Resurfacing
Mines Road: from chip seal turning circle easterly 2.1 km to end of asphalt	2.1	Hants	Double Chip Resurfacing
Route 311 Loop: from Route 311 to Upper River John Road	3.5	Colchester	Double Chip Resurfacing
Lacey Mines Road: from 1.93 km east of Trunk 12 easterly to Trunk 12	1.93	Lunenburg	Double Chip Resurfacing

Asphalt Projects for 2025–26	km	County	Type
Subdivision roads (to be determined in coordination with municipalities)		Various	Paving Subdivision Roads
Gravel Road Projects for 2025–26	km	County	Type
Beech Hill Road: from Route 333 to end of turning circle	1	Halifax	Gravel Road Program
Canada Road: from end of maintained section northerly to South Road	1.8	Halifax	Gravel Road Program
Coolens Road: from Route 333 to end of turning circle	0.3	Halifax	Gravel Road Program
Conrod Beach Road: from East Chezzetcook Road easterly to Conrods Beach	2.7	Halifax	Gravel Road Program
Cross Road: from Ostrea Lake Road to West Jeddore Road	3.2	Halifax	Gravel Road Program
McFetridge Road: from Route 224 to Route 224	2.7	Halifax	Gravel Road Program
