

Surplus Crown Property Disposal Report

For the Period April 1, 2018
to March 31, 2019

NOVA SCOTIA

**Transportation and Infrastructure Renewal
Office of the Minister**

PO Box 186, Halifax, Nova Scotia, Canada B3J 2N2

MAY 22 2019

The Honourable Arthur J. LeBlanc, ONS, QC
Lieutenant Governor of Nova Scotia
Government House
1451 Barrington Street
Halifax, NS
B3J 1Z2

May It Please Your Honour:

In accordance with the *Surplus Crown Property Disposal Act*, I respectfully submit the report of Surplus Crown Property Disposal for the Department of Transportation and Infrastructure Renewal for the fiscal year ending March 31, 2018.

I have the honour to be, Sir,

Your obedient servant,

A handwritten signature in black ink, appearing to read 'Lloyd P. Miles', written over a large, stylized flourish.

Lloyd P. Miles
Minister

SURPLUS CROWN PROPERTY DISPOSAL REPORT FOR THE PERIOD APRIL 1, 2018 TO MARCH 31, 2019

PREFACE

The disposition of surplus items is conducted under the authority of the *Surplus Crown Property Disposal Act*.

There are many varied reasons for the disposal of items of surplus. They include, but are not limited to, the following:

- Condition;
- value in redistribution within government;
- market value;
- value to a non-profit group versus saleable value to government;
- physical location and subsequent cost to move, disconnect and/or otherwise dispose of;
- any restrictive policy of the user department on re-use of the item within the Government; and
- other specific directions or recommendations that may be provided by the department at the time the item is declared surplus;
- solid waste diversion program.

The Department of Transportation and Infrastructure Renewal disposes of surplus items after they have been officially identified and declared surplus, in writing, by the user department. The disposals are carried out in keeping with the *Surplus Crown Property Disposal Act*.

The descriptions listed are meant to be a guide to the type of surplus disposed of and may not include all of the items disposed of in the particular lot.

Definition of Codes

TIR	Transportation and Infrastructure Renewal
NP	Non-Profit/Non-Government
AU	Auction
SW	Scrap Waste
RC	Recycle
PS	Public School Boards
CFS	Computers for Schools Program

INDEX

Section A	Surplus Disposal	-	Public Auction
Section B	Surplus Disposal	-	Public Tender - Purchase and Removal
Section C	Surplus Disposal	-	Disposal – Real Property
Section D	Surplus Disposal	-	Recycle
Section E	Surplus Disposal	-	Non-Profit/Non-Government Agencies
Section F	Surplus Disposal	-	Public School Boards
Section G	Surplus Disposal	-	Computers for Schools Program
Section H	Surplus Disposal	-	Scrap Waste

SECTION A

Category One: Public Auction

This category covers those items of surplus, not including Real Property, that have a minor monetary value but, after investigation by departmental supply technicians, are deemed to have no known future use within the government. In addition, it would be determined by surplus inventory staff that the item could not economically be refurbished.

Through a public Request for Proposals under Tender No. 60138437, Auction Advantage, 11 Mount Hope Avenue, Dartmouth, Nova Scotia, B2Y 4S1, was awarded a five (5) year contract to carry out auctioneering services for Government surplus goods covered under the Surplus Crown Property Disposal Act and the Public Highways Act for Halifax Regional Municipality.

There were three (3) transactions in this category.

SECTION B

Category Two: Public Tender - Purchase and Removal

This category covers items of surplus, not including Real Property, that were publicly tendered for purchase and removal from specific locations throughout the Province.

There were eleven (11) transactions in this category.

SECTION C

Category Three: Disposal – Real Property

This category covers items of surplus in the Real Property classification. Real Property, in general, is considered land or buildings that are deemed surplus to the needs of the various government departments responsible for their management.

There were twenty-one (21) transactions in this category.

SECTION D

Category Four: Recycle

This category encompasses items of surplus that have been removed from various pieces of furniture and equipment destined for landfills throughout the Province. These pieces are then sent to, or picked up by, various organizations committed to the Province's continuing program on the diversion of solid waste from Provincial or Municipal landfills. There are other pieces of surplus equipment, such as IT assets, that may be broken, causing removal of sensitive

information to be impossible in the traditional manner. In such cases, these items are securely disposed of by the Province's contracted metal recycler. Other surplus or obsolete electronic items are recycled through the Atlantic Canada's Electronic Stewardship (ACES) in accordance with the **Electronic Product Stewardship Regulations**.

There were one hundred and forty-six (146) transactions in this category.

SECTION E

Category Five: Disposal - Non-Profit/Non-Government

This category covers items of surplus, not including Real Property, that do not have a current or foreseeable use within government. However, as a result of a written request to the Minister from a non-profit organization and subsequent approval consistent with the Surplus Crown Property Disposal Act and its Regulations, and an internal departmental recommendation, the surplus item is matched to an approved request. The dollar value of these items, based on their condition, is negligible; however the value to a non-profit agency is deemed adequate compensation in lieu of disposal of items through auction or public tender.

There were seventy-eight (78) transactions in this category.

SECTION F

Category Six: Surplus Disposal - Public School Boards

This category covers surplus furniture and equipment that was transferred to public schools throughout the Province.

There were one hundred and thirteen (113) transactions in this category.

SECTION G

Category Seven: Disposal - Computer for Schools Program

This category covers surplus computer equipment. In 1994 the Executive Council approved a plan that would have government embark on a program that would see all surplus government computer equipment redistributed throughout the Public School System under The Computers for Schools Program.

There were one hundred and eighty-three (183) transactions in this category.

SECTION H

Category Eight: Scrap Waste

This category encompasses items of surplus, not including Real Property, that have been determined to be, upon inspection, of no value to government and are in such condition that refurbishing is uneconomical. Any reusable or recyclable components are removed prior to disposal. The use of this option may also be based on environmental or safety considerations such as the obsolescence of the item; i.e., baby crib, mattresses, medical equipment, et cetera.

There were thirty-one (31) transactions in this category.

REVENUE GENERATED BY DISPOSAL (BY CATEGORY)
