FOREWORD

This book contains the results of Traffic Counts conducted by the Traffic Engineering Division of the Nova Scotia Department of Transportation and Infrastructure Renewal since 1999. All available count information from 1999 to 2008 is included for the all roads other than 100 series highways, numbered trunk highways (i.e. Trunk 1) and 200 and 300 series numbered collector highways (i.e. Route 201).

Please direct any comments or inquires concerning this publication to:
