

Truck Rates for Haulage of Bulk Material

Nova Scotia Public Works (NSPW) will review the truck haul rates in January of each year in order to determine if an increase in the truck rates is warranted. The rates **will not** be automatically updated annually. The review will be based on the CPI annual percent change in the Nova Scotia, All Items Excluding Gasoline Index, for the previous year October to October as calculated by Statistics Canada. (e.g. for 2022 rates, the period used to collect data for the CPI annual percent change will be Oct 2020 to Oct 2021). Truck rates will only be changed if approved, and by order of, the Chief Engineer Highway Programs. Part, all, or none of the CPI rate may be used when considering rate increases. Rates, if approved, will be effective on the date listed in the table below. In addition to the truck rates, rate increases, and surcharges may apply in certain situations.

The following Department Truck Rate Tables apply to trucks hauling bulk material on NSPW Contracts where the 80-20 Rule is in effect.

An electronic version of the rates can be found on the BidX Website (link is below). A subscription is not required for this section of BidX. Rates are posted under "Also Available". Depending on your browser settings, you may have to scroll to the right.

Gravel Tonne Kilometre Rates - For Specific Rock Hauling Operations**Effective: January 17, 2022 TABLE 2**

The following rates are an increase of 10% over the standard Gravel Tonne Kilometre rates and are to be used only when TANS are hauling by the tonne-kilometre for specific rock hauling operations. Granular material that will be included in this rate include Armour Rock or Rock Fill when any portion of the Rock Fill is specified to have material greater than 300mm. Rock Fill gradation will be identified in the Special Provisions. The Contractor shall pay these rates, as part of the bi-weekly truck payment process, to all TANS trucks when hauling these items. The Contractor shall take these rates into consideration, and bid accordingly, when submitting item bid pricing on tenders containing these items. There will be no additional compensation from NSPW.

Do not use this table for the following: Rock Fill less than 300mm. Rock Fill gradation will be identified in the Special Provisions. For this item, use Table 1 Standard Gravel Tonne Kilometre Rates.
